## PR Hood

REF #: 2281PR-100

### Surgery / OSC/ ASC

Preferred when Non-Sterile head covers are desired. PR Hoods are used with PR Style Helmets.

### NO FIT TESTING

### NIOSH APPROVED

Powered Air Purifying Respirator

- PAPR100-N
- Level 4 Material<sup>1</sup>
- Source Control<sup>2</sup>
- No Breathing Tube
- No Back Blower Unit

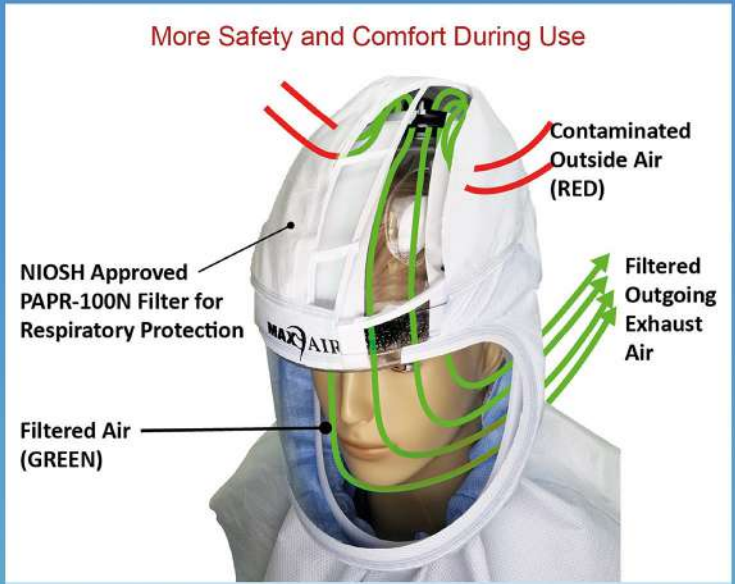

<sup>1</sup> ANSI/AAMI PB70:2020

<sup>2</sup> "PR" Hoods incorporate Source Control Filtration that consists of both APF of 1,000 incoming air filtration for safer wearer inhalation, plus >97% exiting air filtration for safer rearward exhaust (reference Syntech International's Technical Bulletin on Outward Particulate Reduction, P/N 04123042) to the wearers' surroundings.

**No Breathing Tube  
No Back Blower Unit**

More Safety and Comfort  
More Mobile and Maneuverability

**Source Control**

Incoming Filtration >99.99%, APF = 1,000  
Exhaust Filtration >97%

**PR Hoods**

used with PR Style Helmets
