# PB Hood

- NIOSH Approved<sup>1</sup>
- Source Control<sup>2</sup>
- APF 1000<sup>3</sup>
- No Fit Testing, N95, or Shield
- No Powercord
- Comfortable Double Hood
- Lightweight & Balanced
- Visible Safety LEDs

# PB Double Hood Data Sheet

## Product Information

REF Number(s)	2272PB-100
Market Application	Healthcare
Product Classification	Hood
Regulatory	NIOSH <sup>1</sup>
NIOSH Filter Class	PAPR100-N
Filtration	96% OPR <sup>2</sup> APF 1000 <sup>3</sup>
Quantity per Package	20
Size Specifications	Universal Fit

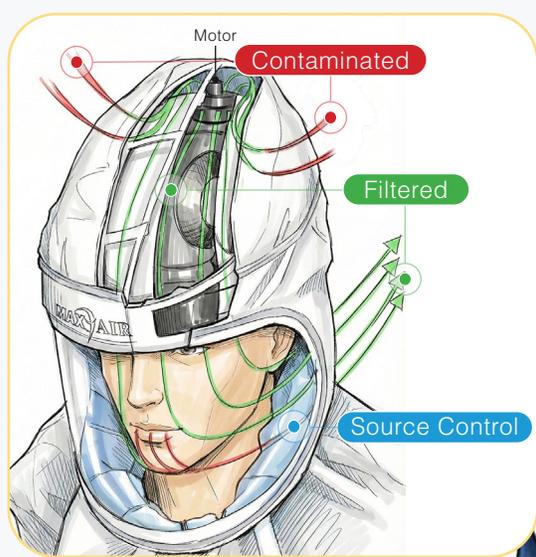

## Superior Protection, Made Simple

The PB Double Hood keeps it simple. Pair it with the CAPR<sup>®</sup> IH Helmet and you're ready to go.

## How it Works

The helmet motor pulls contaminated air through the filter on top, purifies it, and delivers the filtered air to the wearer. For added Source Control, exhaled breath is filtered through the Hood's cuff.

<sup>1</sup> NIOSH certified and approved per 42 CFR Part 84  
<sup>2</sup> Measurement of Outward Particulate Reduction, Technical Bulletin P/N 04123045  
<sup>3</sup> Highest Assigned Protection Factor (APF) rating recognized by OSHA for PAPRs
